SURS History and Membership

In 1941, a four-year study concluded with the formation of the University Retirement System. The act provided "for the creation, maintenance, and administration of a Retirement System for the benefit of the staff members and employees of the University of Illinois and certain other state educational and scientific agencies." Ruth Ellen Kunkel was the System's first employee and administrator.

In 1942, the System had 3,760 participants and added two additional staff members. In the following years, the University Retirement System grew to include other universities, colleges, and affiliated agencies throughout the state.

In 1963, the System adopted its current name, State Universities Retirement System (SURS).

Today SURS serves 61 [employers](#)* [8] in Illinois including state universities, community colleges, and state agencies. It employs approximately 132 full-time employees in offices in Champaign and Naperville and provides benefit services to over 220,000 members throughout the world. SURS has a total operating budget of \$19,820,786 for FY 2018.

**Number denotes combining of several campuses.*

SURS Governance

SURS is governed by an eleven-member [Board of Trustees](#) [9]. Four trustees are elected by active SURS members, two trustees are elected by retired SURS members, and four trustees are appointed by the governor. The chairperson of the Illinois Board of Higher Education, who is appointed by the governor, also serves as the chairperson for the SURS Board of Trustees. The board meets at minimum seven times per year - [Schedule](#) [10]. Agendas are posted 48 hours prior to each meeting.

The SURS Board of Trustees has a fiduciary duty to administer the System in compliance with the requirements of Articles 1 and 15 of the [Illinois Pension Code](#) [11].

Legislation Affecting SURS

SURS was created by the governor and General Assembly in 1941. Consistent with that, changes to the existing benefit program must be enacted through legislation. Examples of SURS-related legislative action can be found in the passage of yearly appropriation bills and the pension reform acts of 2010 and 2013. Changes in state law will continue to affect the agencies we serve, the benefits we provide and how we are funded.

For more information on legislation affecting SURS, go to www.surs.org/legislation [21].
