

SURS Benefit Summary Statements Now Available

Posted:

November 5, 2020

Attention active SURS members in the Traditional and Portable Plans, you can log on to the SURS secure Member Website and view your current account information via your personal Member Summary page.

It's easy! Go to www.surs.org [1], click the gold login button in the upper right-hand corner of the homepage and follow the prompts.

First-time users will need to complete the secure Member Website registration process to access their homepage. Once you're logged in, click on the "My SURS" tab from your homepage to view the Member Summary page.

The Member Summary page also allows you to view details behind your balances, see fact sheets and member guides, and use the Benefit Estimator. Plus, you can update your mailing and email addresses, phone numbers and beneficiaries.
